Top Skills

Leadership | Data-driven

Goal-oriented | Creative

Technical Skills

Python	★★★★
R Programming	★★★★
C Programming	★★★
HTML	★★★★
Scala	★★★
PL/SQL	★★★★
NLP	★★★
Deep Learning	★★

Tools: Microsoft (Excel, Word, Power Point, Power BI), Hadoop, Oracle SQL developer, BigQuery, AWS, Google Data Studio, Google Analytical Tool.

Certifications

- Google Data Analytics Professional Certificate (5 of 8)
- Microsoft Excel Certification

Virtual Internship Program Certification

Quantium Data Analytics Virtual Experience Program
KMPG Data Analytics Consulting Virtual Internship
ANZ Data@ANZ Program

Objective

Data Science enthusiast with good understanding in programming languages and passionate about working with data and explore new possibilities.

Education

MSc. Data Science and Business Analytics
SDBI, SS LS Patkar Varde College, Mumbai University
2020-2022 | CGPA: 9.89, Grade: A+

BSc. Computer Science
Nagindas Khandwala College, Mumbai University
2017-2020 | CGPA: 9.79, Grade: A+

Experience

Dataholic Analytics Solutions

Data Science Intern   **07/2022- Present**

- Designed and Developed projects on machine learning models.
- Used Python Flask to design web application to deploy these projects.
- Researched, created and Collated most common data science applications.

Projects

- **AcneBible**: Built a website for understanding and implementing Marketing Analytics.
- **Image Classification using CNN**: Built a CNN model to classify the images into respective categories.
- **Text Summarization using NLP**: Developed a Web Application using Python Flask.
- **Acquisition Scorecard**: Developed and presented for a bank to predict whether or not to give loan to a customer.
- **Traditional Estate Agents vs Online Housing Websites:** Conducted a Survey with 100 people to find out their preferences using hypothesis testing.
